Boiler House Destroyed

Fire early Thursday morning destroyed the boiler room at the Oxford Electric Co. power house, lower Main street, putting the electric service out of commission in Norway and South Paris. The fire broke out in the boiler room, which was situated around the boilers and roof of the building. An alarm was sounded at 4 a. m., in less than five minutes Co. No. 3 had been laid. Within ten minutes three companies had streams on the fire. The fire was extinguished by the fire department. The boiler withstood the intense heat, although one went dry and the damage, if any, cannot be learned until the inspector makes his examination. Increased steam pressure forced a valve controlling the supply to one of the engines, and the machine ran merrily during the excitement.

Supt. Barker collected a force of workmen and before 7 o'clock the ruins were cleared away. Carpenters started immediately to erect a new boiler house and machinists overhauled the pipes and replaced damaged parts.

While this was going on, all places of business in the town depending on electric power closed all mechanical departments for the day. Norway certainly was a quiet village.

Cause of the fire has not been determined. Loss is unofficially estimated at \$5,000 up, depending on the condition of the boilers.

Lights were furnished as usual from the water turbines late in the afternoon with prospects of continuance until the boilers can be fired. The rain during Wednesday night raised the water level several inches and helped out the situation.

Based on Family Tradition

T. H. Gage of Worcester, Mass., writes regarding the old house between Bethel and West Bethel, and is of the opinion that the date 1737 on the chimney is correct. He says the house was built by Daniel Gage, an early settler of the town, and that the next house west on same road, though now much altered, was built by Amos Gage, a brother of Daniel.

Members of the visiting Posts were asked for remarks, and John Murrell of Mechanic Falls responded with telling of the trip to the National Encampment at Indianapolis. Comrade Bartlett of Bethel made a few remarks and complimented the ladies on their fine dinner. Judge C. F. Whitman was called on for remarks and gave a stirring talk of "Old Soldiers" and was continually interrupted with applause. The Judge has been so closely associated with the veterans for the past 55 years that he reaches their hearts. The day was one of great pleasure to all concerned.

Edwards who gave a surprise party for Mrs. Tash Hatch, Whitman who has been at the old Hatch home during the summer, called from her home in Red Wing, Minn., by the illness and death of her brother Stephen G. Hatch. Mrs. Whitman is having her meals at Mrs. Edwards, and after arriving for supper she was told that there was a caller in the parlor. As the door was opened and the light flashed on, great was her surprise in finding there seven of her friends who had been bidden to supper. As no inkling had been received of what was going on, Mrs. Whitman was completely "taken off her feet." Mrs. Edwards served a delicious supper assisted by Mrs. Carrie True. The dining table was very attractive with its centerpiece of grapes and pears.

The affair was a farewell party for Mrs. Whitman, who is returning to her home in Red Wing the first of the month, and also for Mrs. Frank A. ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger.

In time of kidney danger, Doan's Kidney Pills are most effective. Ask your neighbor.

Plenty of Norway evidence of their worth.

Albert F. Prescott, shoemaker, Crockett's Bridge, Norway, says: "My kidneys gave out and I had backache so bad it put me past going for several days. I couldn't bend over, I was so stiff and lame. I was working in the ship yards at the time and I blame so much heavy lifting for the starting of my trouble. I had to get up several times during the night to pass the kidney secretions. I felt drowsy all the time. Finally I went to Stone's Drug Store and got three boxes of Doan's Kidney Pills and began using them. This remedy reached my case at once and after using three boxes, the trouble left me entirely. I have felt fine ever since. I can't recommend a better remedy than Doan's Kidney Pills."

Prices 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Prescott had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BUSINESS WILL GO ON

Whether costs go up or down, whether labor conditions get better or worse, whether interest rates work higher or lower—

BUSINESS WILL GO ON

and those who are worthy will be the ones to do it. For people must be fed, clothed and sheltered, and there will always be something to exchange for entertainment and luxuries. And through it all, the business that is worthy, that serves legitimate requirements persistently and consistently, will continue.

THERE WILL ALWAYS BE MEN TO DO THE WORD'S WORK

They will be men of clear vision, who not only talk service but give it—every day—and who never lose faith for a minute.

Such men are responsible for the world's prosperity. They will continue in their success as surely as modern civilization shall endure.

It is to such men that this Institution appeals as a safe, modern and progressive Bank.

**"Our coal is lasting
much longer this year"**

YES, a very material difference in the coal bill is noticeable when you heat your house the selective way—each room as you need it. Instead of "rushing" your regular heater a half hour every morning, or when you want to use a room that isn't quite comfortable, use a Perfection Oil Heater. It will give you just the heat you need where you want it most—more quickly and economically.

Thousands of people discover every year that a Perfection pays for itself many times—in the coal it saves, as well as in comfort and convenience.

The portable radiator
You probably wish the radiator in one of

your rooms was in a different, more cozy corner—or nearer a window. A Perfection will solve your problem. A boy or girl can carry it anywhere, for it is light, though substantially built.

It is also an ornament to any room—easy to fill, light and extinguish—always ready to give the few more degrees of heat needed to make a comfortable room cozy.

Progressive hardware, housefurnishing and department stores sell the Perfection. Ask your dealer to show you one. Sold in blue or black finish, with or without nicked trimmings.

For best results use Socony Kerosene.

The above sum will be paid to any person who can prove there are no Maine Gems. I would be perfectly safe in making it a million dollars reward, did I possess that amount of money.

Shot Proved Fatal
Alton Wing, the 19 year old son of Mr. and Mrs. Dennis Wing, died early Tuesday, Oct. 19, from the effects of a shotgun wound received Monday morning. Alton and a nephew, Frank Russell, left the house early, Monday forenoon, for target practice with his shotgun. In some way Frank's gun was discharged, and the whole charge went through Alton's leg, going in just above the knee and coming out through the thigh. He was brought to the home of the physician, where he was given medical aid, and was then taken to his home. The wound seemed to be doing well during the day, but, Monday evening, gangrene set in, and from then till early Tuesday morning, he steadily failed until the end came. Besides his mother and father he leaves two brothers and two sisters.

"Gets-It" Wonder Corn Peeler

Just as Good for Calluses. Money Back if it Fails.

Don't be bothered through life by a pesky corn or callus. Don't let a corn tell you when to sit down. Don't wear shoes too large for you because a corn says you must. Get rid of the darned thing.

"Peel the Whole Corn Right Off and be Rid of it."

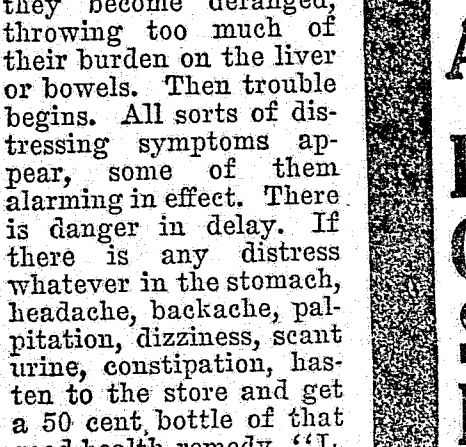

It's a revelation to corn sufferers, the wonderful way that "Gets-It" vanishes corns. Spend two minutes—that's all—to apply 3 or 5 drops to any corn or callus. The pain will stop instantly. In a few seconds the corn peels right up. Soon it has loosened so you can peel it off in one complete piece, root and all.

"Gets-It" is sold by all druggists; money back on request, costs but a trifle. Mfd. by E. Lawrence & Co., Chicago.

There is danger in delay. If there is any distress whatever in the stomach, headache, backache, palpitation, dizziness, scant urine, constipation, hasten to the store and get a 50 cent bottle of that good-health remedy, L. F. F. Atwood's Medicine.

RECOVERY

Extraordinary Curative Power of Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me."

"I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains not worse."

"I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better."

"You can publish this and I will tell you how right you are. I feel the good it has done me."—Mrs. MARGARET DANZ, 1525 N. Alder St., Phila. Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

NOW IT'S MAINE

Because of natural resources, other states have enjoyed great booms of prosperity.

California had its gold, Nevada its silver and many states their natural gas.

Now Maine's turn has come but with this vital difference: Maine's great natural resource, water power, is as permanent and perpetual as her own pine clad hills; and will, as time passes, become increasingly valuable.

Now it is Maine's opportunity to set to work forever her greatest natural resource and to employ its only partly developed power to turn the wheels of factories.

The Central Maine Power Company can, with the help of the people of Maine, develop power fast enough and cheaply enough to bring great industries to Maine.

If you would like to share in the financing of this development of water powers and to become a prosperous partner in supplying the inducement which will bring factories to Maine, you have that opportunity.

To finance its development of power, the Central Maine Power Company offers its 7 per cent. Cumulative Preferred Stock, to the saving people of Maine. The price is \$107.50 a share. The yield is 6½ per cent. net.
